LENDMATE VA TRAINING · SELF-LEARNING GUIDE

AI ON CANADIAN MORTGAGE FILES.

What you may and may not do with AI on files for Canadian mortgage broker clients. All provinces except Quebec, plus Yukon, Northwest Territories and Nunavut.

RULES CHECKED 28 OCTOBER 2026 · NOT LEGAL ADVICE

1 · READ

Work through the 8 sections, one page each. Use Next at the bottom of each page. Mark each one read as you go.

2 · QUIZ

Take the gate quiz (15 questions). Link: lendmate-quiz-app.vercel.app. Pass mark: 70% (11 of 15). Unlimited tries.

3 · LIVE

Pass, and you can join a live session. If not, read again and retake.

4 · CHECK

The live session shows you how to do the work with AI, then ends with a short check (8 questions).

THE 30-SECOND VERSION

If you remember nothing else, remember these five. The next pages explain each one.

1. No private client info goes into any AI chat app.
   Names, contact details, SIN, IDs, income documents, credit reports, deal details. Your broker's business data counts too.
2. You are not mortgage licensed, so AI can't do licensed work for you.
   No advice on which mortgage suits someone, no assessing borrowers, nothing sent to a lender. That is your broker's job.
3. AI notetakers and CRM AI need your broker's OK.

Only in your broker's own account, once they confirm that client consent covers it. Otherwise off.

4 Check every fact AI writes. Your broker approves anything public.
AI can make mistakes. It drafts, you check, your broker decides.

5 When in doubt: Stop. Strip it. Ask your broker.
Your broker is accountable, so their answer wins.

Read these first. This is not legal advice. It was built from public sources and reviewed by the LendMate team, not a lawyer. No private info goes into any chat app: a LendMate rule, stricter than the law. When in doubt: **Stop. Strip it. Ask your broker.** Live sessions: two sessions of 30 minutes, Day 1 and Day 2, at 8:30 to 9:00 am EST (9:30 to 10:00 pm Philippine time). Your TL shares the dates.

---

01 WHY THE RULES MATTER

IN PLAIN WORDS

Your broker is accountable for everything you do with AI. There is no AI law for this work yet, so the rules come from privacy law and mortgage licensing law.

QUICK ANSWERS

Can I...?

NO

Paste a client's pay stub into ChatGPT to summarize it?
Income records are "almost always considered to be sensitive", and no private info goes into any chat app.

NO

Paste your broker's client list into an AI tool to tidy it up?
Your broker's business data is treated like their clients' data: private, and it stays in their own systems.

NO

Pasted something private by mistake? Keep quiet and delete it?
Tell your broker straight away. They decide what has to be reported and to whom.

BEFORE WE START

Every rule has one of three labels

LAW

Written in a statute, a regulation or a regulator’s guidance. Each has a source ID.

LENDMATE RULE

Our own house policy, set by the LendMate team. Where it is stricter than the law, it says so.

TOOL POLICY

What an AI vendor says on its own website. These change often, so check them on the day.

Laws change. These rules were checked on 28 October 2026. If anything here conflicts with what a broker client tells you, follow the broker and flag it to the LendMate team.

WHY THIS MATTERS

Your broker carries the risk

The broker stays accountable. Under PIPEDA, an organization is accountable for personal information it sends to a third party for processing. When you process a client’s files, that third party is you.

LAW · F6

The data leaves Canada. You work from the Philippines. PIPEDA allows that, but clients must be told their information may be processed in another country.

LAW · F10

The AI is never accountable. “Accountability for decisions rests with the organization, and not with any kind of automated system.”

LAW · F5

WHOSE DATA IS IT?

Two kinds of client data

Your broker's clients (B2C)

Borrowers and buyers: names, contact details, SIN, IDs, income documents, credit reports, deal details.

- The broker is accountable. You are their processor.
- Used only for the purpose it was collected for.
- Kept confidential, in the places the law says.

LAW · F6 · C-ON5 · C-BC7 · C-AB3

Your broker's business (B2B)

Our client, the broker: their logins, systems, client lists, pipeline, lender details and internal documents.

- Treated like their clients' data: private.
- Stays in the broker's own accounts and systems.
- Their policy comes first. It can be stricter than ours.

LENDMATE RULE

For both: no private info in any chat app. If something is pasted, sent or shared by mistake, tell your broker straight away.

THE LEGAL PICTURE

No AI law covers this work. Yet.

DATE	WHAT HAPPENED
7 Dec 2023	Canada's privacy regulators publish principles for generative AI. Guidance, not law.
6 Jan 2025	Bill C-27 dies without Royal Assent. It held AIDA, the proposed AI law.
15 Jun 2026	Bill C-36, a new federal privacy law, is introduced. Now at second reading. Not law.
1 May 2027	OSFI Guideline E-23 starts. It covers AI models at federally regulated lenders, not brokers.

So the rules you follow come from privacy law and mortgage licensing law.

Why, and the law behind it +

02 THE RULE STACK

IN PLAIN WORDS

Five layers of rules apply to your work. When two layers disagree, follow the stricter one.

QUICK ANSWERS

Can I...?

YES

Follow your broker's policy when it is stricter than LendMate's?

When two layers disagree, follow the stricter one. Your broker's policy can be stricter than everything else.

ONLY IF

Put personal information into a prompt?

The regulators say only where authorised. For you, that means your broker approved it. In chat apps, LendMate says never.

FIVE LAYERS. THE STRICTEST WINS.

The rule stack

1. **Federal law.** PIPEDA for privacy, FINTRAC for anti-money laundering, CASL for commercial emails and texts.
2. **Provincial privacy law.** Alberta PIPA and BC PIPA apply inside those provinces.
3. **The mortgage regulator.** Who needs a licence, how records are kept, what ads must say.
4. **Tool settings.** Whose account is it, and is it training on your data?
5. **Your broker's own policy.** It can be stricter than everything above.

When two layers disagree, follow the stricter one. LENDMATE RULE

IT DEPENDS WHERE THE CLIENT IS

Which privacy law applies

WHERE	PRIVACY LAW	WATCH FOR
Alberta	Alberta PIPA	Notice to clients when a service provider outside Canada handles their data
British Columbia	BC PIPA	Under the mortgage rules, lost records must be reported to the superintendent
ON, SK, MB, NB, NS, PE, NL	PIPEDA	No provincial law deemed substantially similar to PIPEDA
Yukon, NWT, Nunavut	PIPEDA	Organizations there are “considered federally regulated”
Data crossing any border	PIPEDA	Applies everywhere, including Alberta and BC

LAW · F11 · F12 · P2 · C-BC5

WHAT PRIVACY REGULATORS EXPECT FROM AI USERS

Five principles to work by

1. Only put personal information into a prompt where authorised. For you, “authorised” means your broker has approved it.
2. Use anonymized or de-identified information where possible.
3. What the AI infers about a person is personal information too.
4. Check AI output is accurate, especially when it feeds a decision about a person.
5. The organization is accountable, never the tool.

LAW (REGULATOR GUIDANCE) · F2 TO F5

Why, and the law behind it +

03 THE LICENSED LINE

IN PLAIN WORDS

LendMate VAs are not mortgage licensed and only do unlicensed tasks. If a task needs a licence, it goes to your broker. Using AI doesn’t change that.

This is the most important idea in this training, and it is not really about AI. In several provinces, tasks that sound like admin are defined in the law as mortgage brokering. AI tools will happily draft advice, qualification wording or lender submissions when asked, which makes it easy to cross the line without noticing.

QUICK ANSWERS

Can I...?

YES

Ask AI to write a blank follow-up template?

Use placeholders and no private info. Your broker reviews it.

NO

Tell a borrower which mortgage suits them?

That is advice, a licensed activity in BC, SK and NL. It goes to your broker.

NO

Send a borrower a message AI wrote saying they look approved?

Nobody sends it until the broker reviews it, and the broker sends it.

NO

Send a borrower's details to a lender?

Sending borrower info to a lender is licensed work in ON, BC and MB. Never send anything to a lender yourself.

THE LINE

What only a licensed person does

TASK	LICENSED ACTIVITY IN
Advise on whether a particular mortgage suits someone	**BC, SK, NL**
Assess a borrower on behalf of a lender	**ON, BC, MB**
Send information about a borrower to a lender	**ON, BC, MB**
Negotiate or arrange a mortgage	**ON, BC, SK, MB, NL, AB**

Solicit people to borrow on a mortgage	**ON, BC, SK, MB, NL, AB**
Take mortgage application information or pre-screen	**NB**

The task decides, not your job title. Only Manitoba's Act exempts clerical staff. Ontario and Saskatchewan say "as an employee or otherwise". A blank in this table is not permission.

THE LINE, WITH AI

AI drafts. Your broker decides.

AI MAY DRAFT, FOR YOUR BROKER TO REVIEW

- Blank deal summary templates
- Blank follow-up templates
- Blank document checklists

No private info goes in. See the traffic light.

NEVER SEND IT YOURSELF

- Anything that recommends a mortgage or product
- Anything that says a borrower qualifies
- Anything that goes to a lender
- Anything that negotiates rates or terms

Example. An AI tool drafts a message to a borrower saying they look approved. Nobody sends it until the broker reviews it, and the broker sends it.

LENDMATE RULE · BUILT ON THE LICENSING LAWS ABOVE

Why, and the law behind it +

04 THE DATA TRAFFIC LIGHT

IN PLAIN WORDS

Check the data before the tool. Red stops. Yellow needs your broker's written OK. Green goes, with a fact check.

QUICK ANSWERS

Can I...?

NO

Use an AI tool to pull or read a credit report?

Credit bureau and lender portals need a human to click. AI never pulls, reads or uploads a credit report.

ONLY IF

Run an AI notetaker on a client call?

Only in your broker's own account, once your broker confirms that client consent covers it.

ONLY IF

Post an AI-drafted social media caption?

Only after you check every fact and your broker approves it. In Ontario it must show the agent's name plus the brokerage's name and licence number.

NO

Tell a client that the law bans AI?

No law we found bans all personal information from AI tools. The ban is a LendMate rule.

RED, YELLOW, GREEN

The traffic light

RED

STOP

Any private info: names, contact details, SIN, IDs, credit reports, income documents, deal details.

Never into a chat app. No exceptions.

YELLOW

CONFIRM

AI notetakers and CRM AI, such as GHL and My Broker Pro.

Only in your broker's own account, once your broker confirms that client consent covers it. Otherwise off.

GREEN

GO

No private info: templates, checklists, ad drafts, SOPs, general education.

Any tool. Check every fact before it is used.

LENDMATE RULE · STRICTER THAN THE LAW

No law sorts data into these colours, and no law we found bans all personal information from AI tools. LendMate goes further on purpose. **Never tell a client that the law bans it.**

RED · STOP

Why red data stays out

Regulators: only put personal information into a prompt where authorised. LendMate goes further: none in chat apps.

LAW · OPC + LENDMATE RULE

Income records are "almost always considered to be sensitive".

LAW · PIPEDA 4.3.4

Ontario brokerages can't use client information for any other purpose without the client's written consent.

LAW · O. REG. 188/08 S.57

BC and Alberta mortgage rules require client confidentiality.

LAW · MSA RULES 38(E) · RECA RULE 44

ID checks follow FINTRAC's methods. Under the photo ID method, a scan alone doesn't count.

LAW · FINTRAC

Credit bureau and lender portals need a human to click. AI never pulls, reads or uploads a credit report.

LENDMATE RULE

YELLOW · CONFIRM

Yellow means your broker confirmed

1 **Their account.** Your broker's own account. Never a personal or LendMate account. LENDMATE RULE

2 **Confirmed.** Your broker confirms that client consent covers the tool. Never assume it. LENDMATE RULE

3 **Notices.** Recorded calls still need the notice and a choice. In Alberta, the broker gives the offshore notice. LAW · F17 · P2

GREEN · GO

Green still needs a fact check

Check every fact AI writes before anyone sees it.

LAW · OPC AI PRINCIPLES

No false or misleading claims to the public.

LAW · COMPETITION ACT 74.01

Ontario: public materials show the agent's name plus the brokerage's name and licence number.

LAW · O. REG. 187/08 S.8

Alberta: the brokerage name must be clearly shown.

LAW · RECA RULE 65(B)

Commercial emails and texts need consent, sender details and an unsubscribe.

LAW · CASL S.6

Your broker approves anything before it is posted.

LENDMATE RULE

Why, and the law behind it +

05 PROVINCE AND TERRITORY RULES

IN PLAIN WORDS

Same line everywhere, different details. Tap your client’s province. A blank is not permission.

Ontario

Mortgage Brokerages, Lenders and Administrators Act · FSRA

STAFF EXEMPTION

None found: “as an employee or otherwise”

RECORDS

6+ years after the term ends

WATCH FOR

Other uses of client info need written consent

British Columbia

Mortgage Services Act, from 13 Oct 2026 · BCFSA

STAFF EXEMPTION

None for brokerage staff

RECORDS

In BC, brokerage’s control, 7+ years

WATCH FOR

Report lost records to the superintendent in writing

Alberta

Real Estate Act and RECA Rules

STAFF EXEMPTION

Assistants allowed, never for licensee-only tasks

RECORDS

At the brokerage’s Alberta office

WATCH FOR

Clients must know you are unlicensed. Offshore notice

Saskatchewan

Mortgage Brokerages and Mortgage Administrators Act · FCAA

STAFF EXEMPTION

None found: “as an employee or otherwise”

RECORDS

Period in regulations, not checked

WATCH FOR

Associates are supervised by a broker

Manitoba

The Mortgage Brokers Act · Manitoba Securities Commission

STAFF EXEMPTION

Yes: clerical duties only

RECORDS

Not checked

WATCH FOR

Only Act with a clerical exemption

New Brunswick

Mortgage Brokers Act · FCNB

STAFF EXEMPTION

Not confirmed: Act wording not read

RECORDS

Keep notes of key client communications

WATCH FOR

Application intake is licensed work

Nova Scotia

Mortgage Regulation Act and regulations

STAFF EXEMPTION

None in the Exemption Regulations

RECORDS

Not found

WATCH FOR

No pay to unlicensed people for licensed work. Act definition not read

Newfoundland and Labrador

Mortgage Brokerages and Brokers Act, from 1 Apr 2025

STAFF EXEMPTION

None in the Act. Regulations not checked

RECORDS

As the regulations set

WATCH FOR

New Act. Check the regulations first

PEI, Yukon, NWT, Nunavut

No licensing statute found

STAFF EXEMPTION

Not applicable

RECORDS

FINTRAC: at least 5 years

WATCH FOR

Follow the licensed-tasks table anyway. Confirm before relying on this

LAW · C-ON1 TO C-ON6 · C-BC1 TO C-BC7 · C-AB1 TO C-AB4 · P2 · C-SK1 TO C-SK3 · C-MB1 · C-MB2 · C-NB1 TO C-NB3 · C-NS1 TO C-NS3 · C-NL1 · C-NL2 · F11 · F13 · F14

Why, and the law behind it +

06 RECORDED CLIENT CALLS

IN PLAIN WORDS

> **Recording? Confirm with your broker first, then say it at the start of the call.**

QUICK ANSWERS

Can I...?

NO

Record a client call without telling them?
Say it is recorded, say why, and offer to continue without recording.

ONLY IF

Use a notetaker on a call at all?
Only if your broker confirmed, before or during the call. If not, no notetaker.

THE SCRIPT

What to say

SAY THIS AT THE START · LENDMATE RULE

“This call is recorded and transcribed so [purpose]. Is that OK? We can also continue without recording.”

Fill [purpose] with the real reason your broker gives, as narrowly as possible.

1. **Broker confirmed, before or during the call?** If not, no notetaker.
2. **Say it’s recorded, and why,** as narrowly as you can.
3. **Offer a choice.** If recording isn’t essential, continue without it.
4. **One party’s consent** makes recording legal under the Criminal Code. Privacy law still needs the notice.
5. **New Brunswick:** notes of key client calls must be kept.

LAW · F16 · F17 · C-NB3

Why, and the law behind it +

07 WHEN IN DOUBT

IN PLAIN WORDS

The one thing to remember from this guide.

STOP.

Red data or a licensed task? Don’t start.

STRIP IT.

Use placeholders. No private info goes into AI.

ASK YOUR BROKER.

Your broker is accountable. Their answer wins.

LENDMATE RULE

Why, and the law behind it +

08 WORDS YOU’LL SEE

IN PLAIN WORDS

Short meanings for the names and labels used in this guide.

PIPEDA

The federal privacy law. It covers private businesses across Canada, and any personal information that crosses a provincial or national border.

Alberta PIPA and BC PIPA

The provincial privacy laws in Alberta and BC. Inside those provinces they generally replace PIPEDA.

OPC

The Office of the Privacy Commissioner of Canada. With the provincial and territorial privacy regulators, it published the principles for generative AI.

FINTRAC
Anti-money laundering rules. They set how ID is checked and how long records are kept (at least 5 years).

CASL
The rules for commercial emails and texts: consent, sender details and an unsubscribe.

OSFI Guideline E-23
Rules for AI models at federally regulated lenders, starting 1 May 2027. They do not apply to brokers directly.

Licensed activity
A task the law says only a licensed mortgage person may do for pay, such as advising, assessing a borrower or arranging a mortgage.

Mortgage regulator
The body that licenses brokers in each province, such as FSRA in Ontario, BCFSA in BC and RECA in Alberta.

B2C data
Your broker's clients' information: borrowers and buyers.

B2B data
Your broker's own business information: logins, systems, client lists, pipeline, lender details.

Placeholder
A blank such as [First name] that you fill in later, outside the AI tool.

Notetaker
An AI tool that records and transcribes a call.

CRM AI
AI features inside a client system, such as GHL or My Broker Pro.

Source IDs (F6, C-ON5, P2…)
Codes that point to the exact law or page behind a rule. The full list with links is on the last slides of the deck.

DONE READING? TAKE THE GATE QUIZ.

15 questions, all answered in this guide. Link: lendmate-quiz-app.vercel.app. Pass mark: 70% (11 of 15). Unlimited tries. Pass, and you can join a live session.

AI can make mistakes. Always check its output. Never let AI do the whole job.

PRINTABLE COPIES: ONE-PAGE CHEAT SHEET (PDF), CHEAT SHEET, DARK VERSION (PDF), THIS GUIDE AS A PDF.

NOT LEGAL ADVICE · RULES CHECKED 28 OCTOBER 2026 · FULL SOURCE LINKS ARE ON THE LAST SLIDES OF THE DECK
